

**Book Nook**

Jill goes to see  
Gran so that  
they can read  
side by side.

Gran has more than  
a few books. It is like  
a book nook!

Gran sits in her spot  
and drinks a cup of  
tea.

Jill asks which books Gran is reading.

Gran says that she likes  
to have a few books on  
the go.

Jill hands Gran a new book so that she can read it to her.

Gran reads with style.  
At times she stops  
to let the words stew  
in our minds.

Jill loves how Gran tells  
a story. She makes her  
own bits up.

Gran can make  
any book fun. Jill  
wants to be like  
that too.

Jill hugs the book.  
Her love for books  
grew from her time  
with Gran.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page [www.bookbotkids.com/free-books](http://www.bookbotkids.com/free-books) from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at [www.bookbotkids.com](http://www.bookbotkids.com).
