

DIVE!

Illustrated by Hasithaka Ranatunga

A turtle!

It can launch into the sea. It can dive deep down. We can dive as well.

A crab is walking on a large, colorful, textured surface that resembles a piece of coral or a large leaf. The surface is primarily pink and red with white veins and some green patches. The crab is small and dark-colored with prominent claws. In the background, there is a large body of blue water under a clear sky. The overall scene is bright and colorful.

A crab off for a walk.

It has claws that can give
a nip.

Fish come in all shapes and sizes. Some are flat so that they can hide.

Fish can look like they
have daubs of paint on
them from a brush.

Seahorses all in a row.
They have fins on their
heads and at the back.

Is that a red plant to the
side? It twists and swirls.

It is not a plant.

It is an octopus!

It wants the crab as
a snack.

The turtles are back!

They cause small
wakes as they swim
by.

What is that click?

A grey tail that ends in a
fork shoots by.

കുറുക്കു കുറുക്കു

Three dolphins are swimming in the ocean. They are light blue and white, with dark eyes and a small smile. They are swimming from left to right. The background is a deep blue with some white specks, possibly representing bubbles or small fish.

Dolphins!

They live in a pod.

Dolphins like to have a
chat and play.

The turtle comes up for air
as the sun sets. One last
look. Bye, turtle!

AW AU

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page www.bookbotkids.com/free-books from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at www.bookbotkids.com.
