LOST TOY

Like a detective, I search
for my lost toy.

I really can't
remember where I
had it last.

I know I had it
yesterday.

I don't understand.

Where could it be?

I am so forgetful.

I can't find it anywhere.

It must be here
somewhere.

Then I see Grandma.

She has my yo-yo,
swinging it about.

She tosses it around, and
she is having so much fun
with my toy.

Thanks Grandma.

I have been searching
all day.

I don't believe it!

She won't give it
back. She says it's
her toy now.

S8

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **www.bookbotkids.com/free-books** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **www.bookbotkids.com**.

You are free to:

Share — copy and redistribute the material in any medium or format. Bookbot will not revoke these freedoms as long as you follow the license terms.

Under the following terms:

Attribution — You must give appropriate credit, provide a link to **<https://reader.letsreadasia.org/book...>** and **www.bookbotkids.com/free-books**, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use.

NonCommercial — You may not use the material for commercial purposes.

NoDerivatives — If you remix, transform, or build upon the material, you may not distribute the modified material.

No additional restrictions — You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits.
