

# MY HAIR

Written by  
BEL RICHARDSON

Illustrated by  
JESS JARDIM-WEDEPOHL

I love my hair. I keep it strong and in good health so that I can do lots of cool things with it. You can change the way that you look when you style your hair.

In the summer I like to keep my hair up and off my neck. It stops me from getting too hot. It stops me from getting sunburnt on my head.

I love it in the autumn when I can run in the falling leaves. My hair looks so nice with leaves and flowers in it. As I run and skip along, my hair flows like it is a big wave.

In the winter, my hair keeps me warm. I like to have it close to me. It stops the breeze from making my cheeks cold. It can catch snowflakes as they fall.

I got my hair cut short a few years ago. I wanted to try it. It was easy to care for it, but I missed my long hair. I had to wait for a long time for it to be a good length again.

I love to flop down on the grass at the park and let my hair spread out. It makes me feel like I am part of the plants and the ground when I lie down like that. Cute bugs walk on my arms.

I like to shape my hair in odd ways for dress up days at school. It takes a long time to style my hair, but I can make make it stay in some great shapes.

I like to hold things in my hair. It is the best while I make art. I can keep spare pens in there so that I can change out the colour I am working with in no time at all!

My mum sometimes says  
that my hair is like a birds'  
nest. What if I had real birds  
use my hair as a nest! I  
think that would be great! I  
would be like a walking tree.

When the wind blows, my hair floats along on the breeze. It falls around me. It looks cool when I am walking into the wind and my hair flies out behind me. That makes me feel like a star.

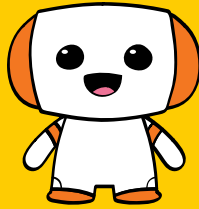

My mum gets me a lot of fun headbands, pins and bows that I can put in my hair. I like to change things up a lot. Sometimes she does it in braids or pigtails.

I love how much I can do with my hair. I do not think that I will cut it short again. Short hair is easy to deal with, but I think that long hair is a lot of fun.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page [www.bookbotkids.com/free-books](http://www.bookbotkids.com/free-books) from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at [www.bookbotkids.com](http://www.bookbotkids.com).
