

The Dragonfly Net

illustrated by
Nabila Adani

We have a
test.

We must get a bug.

Kim and I want to get
a dragonfly.

There it is.

Get it!

It is fast.

We must get a net.

Is this a net?

No.

Kim saw a web.

We make a frame.

And get the web.

We did it!

Is this the end
of the test?

We let it go.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page www.bookbotkids.com/free-books from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at www.bookbotkids.com.
