

Illustrated by Mukesh Tamrakar

WHERE'S JANE?

Hi! My name is Spot, and I am Jane's dog.

It's time for Jane to take me for a walk.

But today she takes me somewhere special.

'We're going to the zoo, Spot!' she says.

The zoo! I've always wanted to go there!

Jane buys a ticket and leads me inside the zoo.

There is so much to see and do.

'I want to see every animal in here!' says Jane.

That's what I want too, but I want to see them first!

I run ahead to see if I could beat her to it.

But soon I realize that Jane is not behind me.

I don't know where Jane went.

I think I am very lost.

There are so many people in the zoo.

But I have to find her.

I wander the zoo, looking for Jane.

Up ahead, I see something long and brown.

It looks like hair. Jane has hair like that!

I think I've found Jane!

I start barking, excited to see her at last.

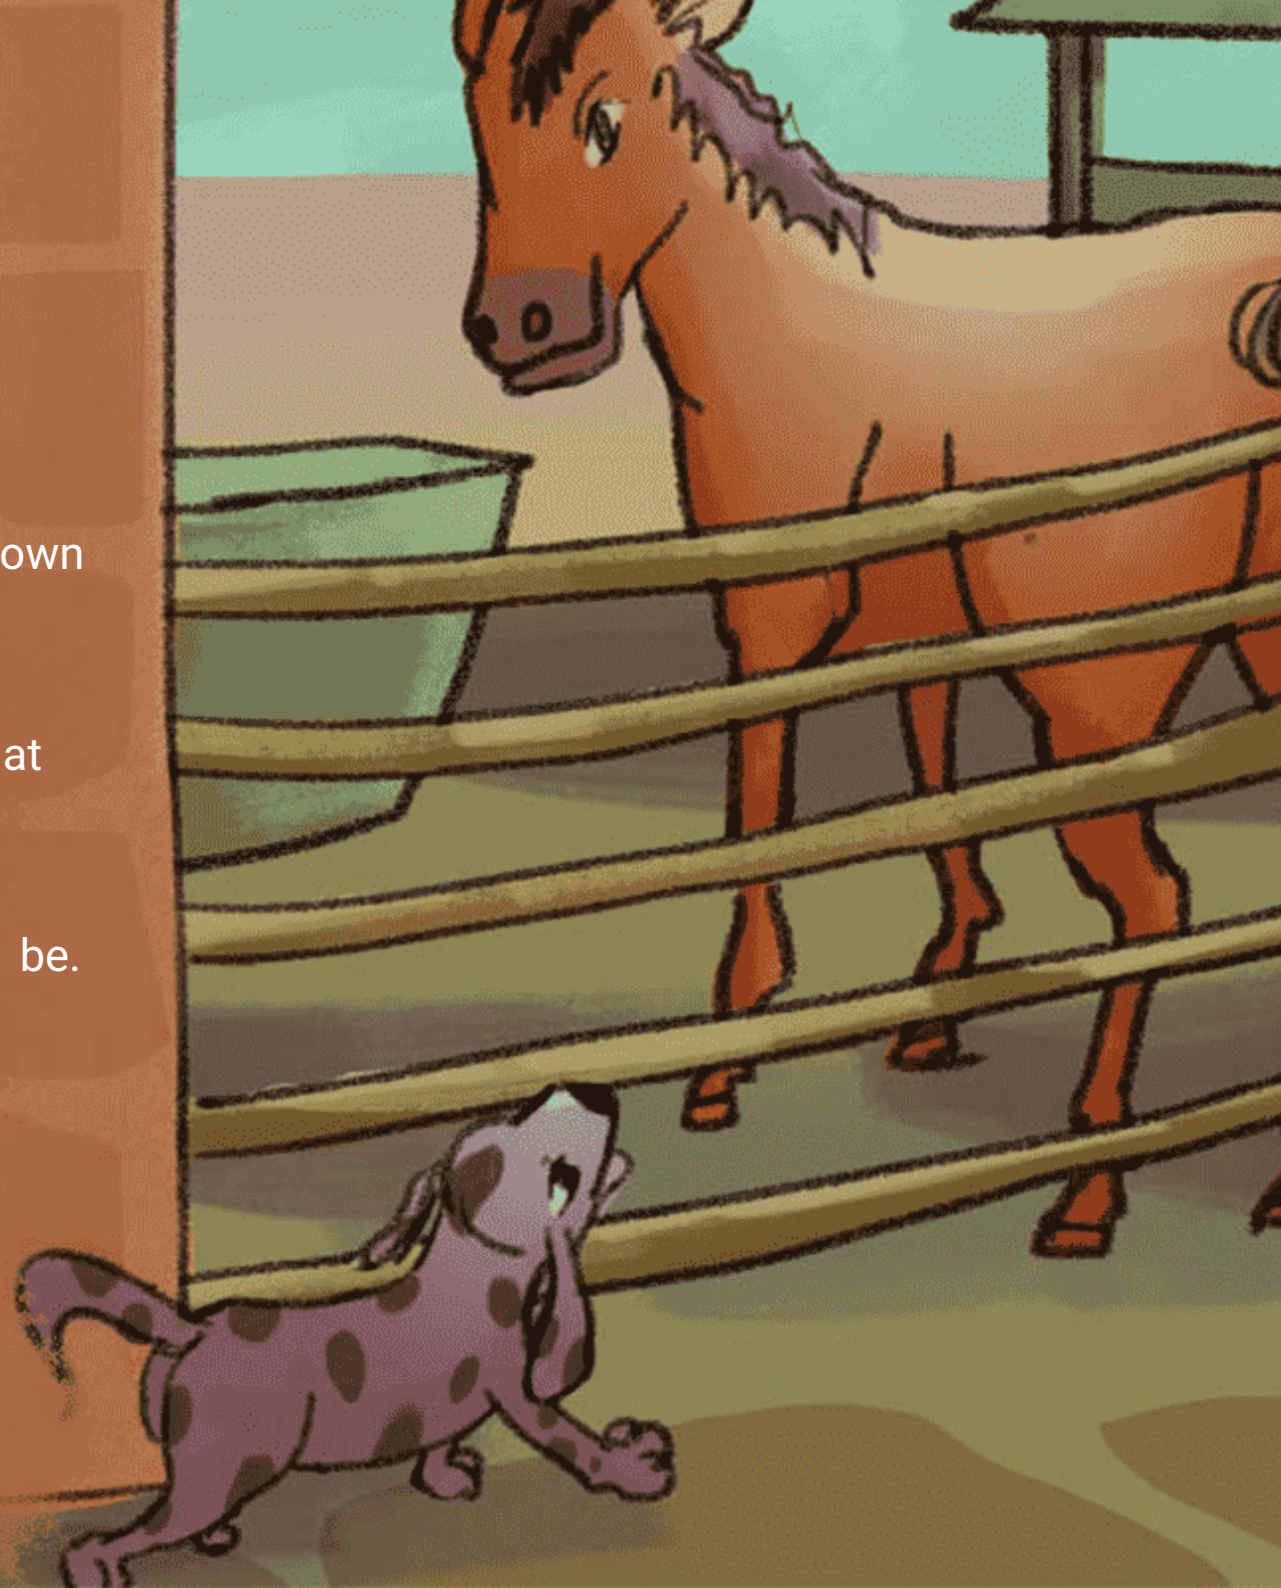

Oops! This isn't Jane, or Jane's hair!

It's a horse. Horses can have long brown hair too.

The horse wonders why I am barking at him.

I back away, looking as sorry as I can be.

Where can Jane be?

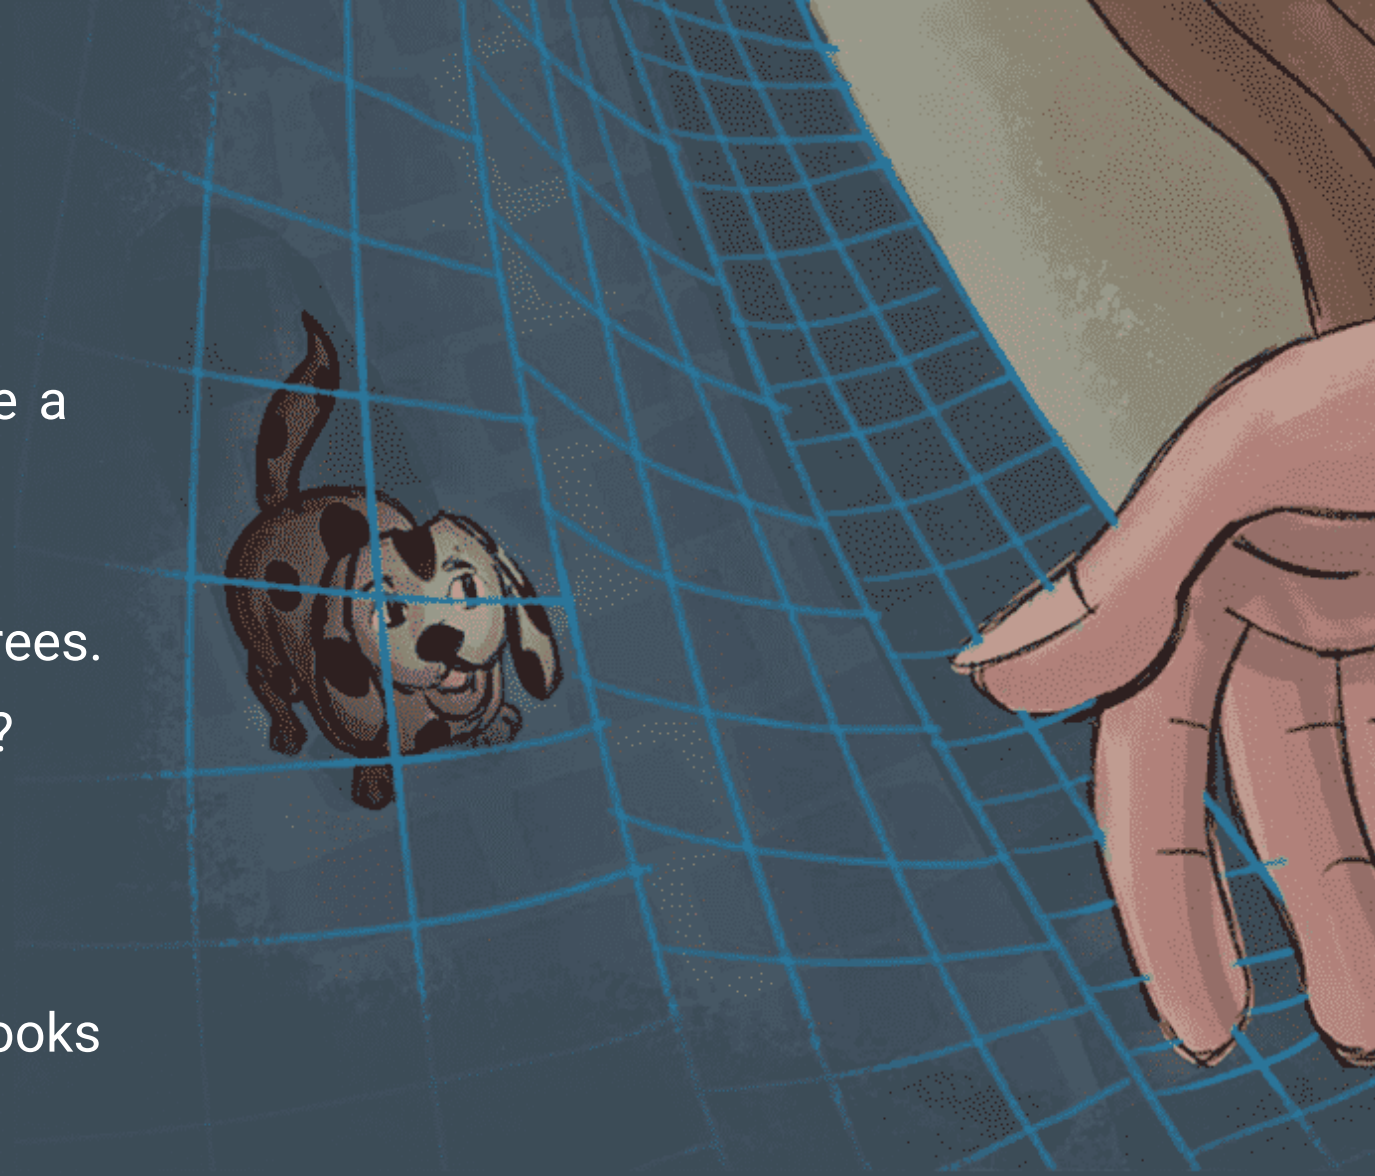

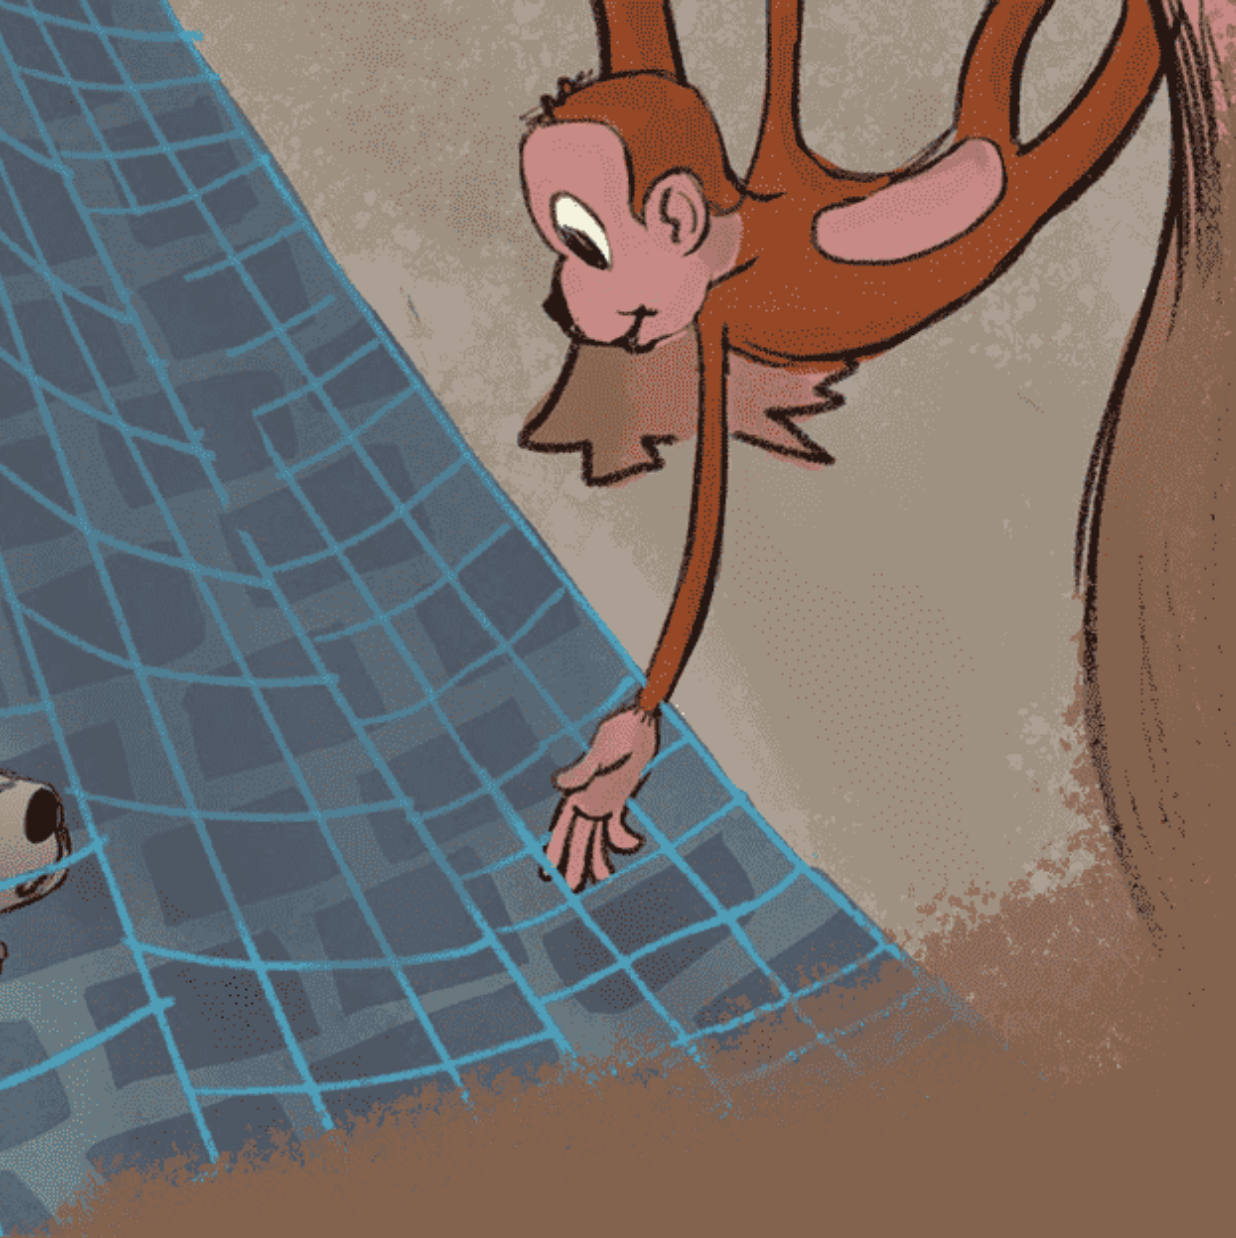

I walk a little further and I see a place with lots of trees.

There are nets between the trees. Maybe people climb on them?

Just then, I see a hand!

Could it be Jane's hand? It looks very much like it.

Oops! That's not Jane's hand.

It's a monkey's hand!

People and monkeys have very similar hands.

The monkey waves at me, and I wag my tail back.

Where can Jane be?

I walk through the crowds of people, trying to see Jane.

There are so many of them that I can't see that far in front of me.

Suddenly, I see something! A flash of yellow and brown.

That looks like the shirt Jane was wearing!

I run towards the shirt!

Oops! It's not Jane's shirt.

It's a tiger, and it is right in front of me!

It is still asleep, and has not seen me.

I run away before it decides to have dog for lunch!

Where can Jane be?

I am tired now, and I think I have been to every place in this zoo.

I come to a big brick wall with a big fence in it.

There are lots of people here, but I can just see something behind it.

Oh! That looks like Jane's bag!

Have I found her at last?

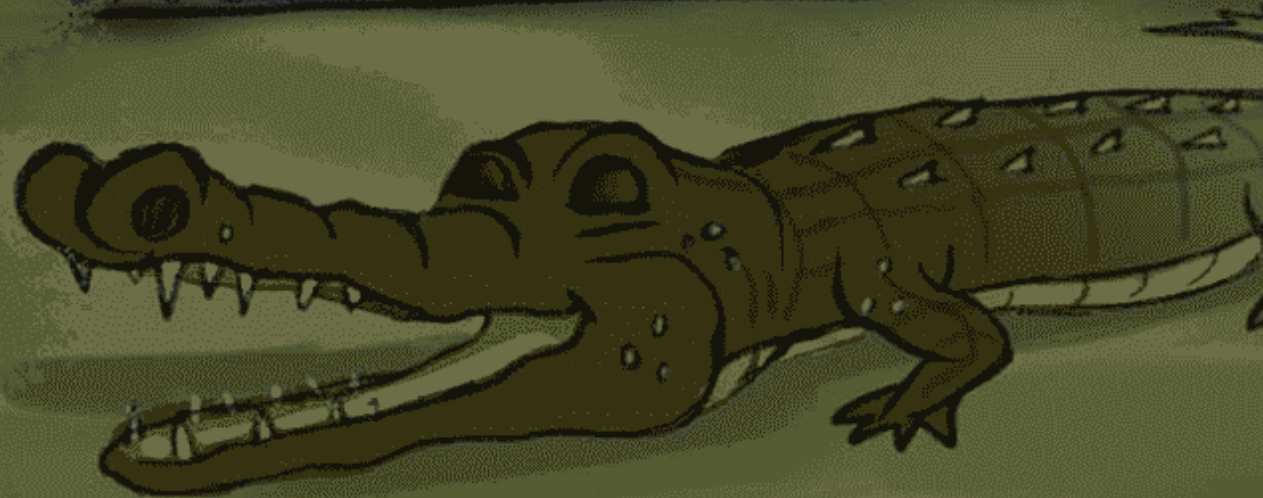

Oops! That's not Jane's bag.

It's a crocodile!

I am glad I didn't go inside the fence.

But I hear something from behind me.

'Where can you be, Spot?'

That sounds like Jane!

It is Jane! She has been looking for me, too!

I run into her arms, barking and licking her face.

'I'm glad to see you too, Spot!' she says.

Now we can see all the animals together!

S10

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page www.bookbotkids.com/free-books from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at www.bookbotkids.com.
