

# THERE ARE ANTS!

ILLUSTRATED BY  
DEEPA BALSAVAR

Do you see what I see?

Look at all these ants!

Alright, let's find out why  
they are here!

This one tells me that they  
need enough food to take  
home.

But how much is enough?

Naughty ants!

Those are my roller skates!

Roller skates aren't food.

They have found some food!

Sweet candy and cookies, all  
very yummy.

But is it enough?

This ant must be tough.

He can lift so much food all  
at once!

Look at him go!

They still don't have enough.

They slip through the door of the cupboard to find more!

They follow this smell.

It's a good smell, and it leads them to cake.

Will this be enough food?

This smell is rough.

It tells them to go away, or they  
might get hurt by the water!

Oh no!

This smell led them straight  
to my snack!

I really wanted to eat that.

Now they have enough food, and they  
can finally go back home.

Bye bye, ants!

But maybe go somewhere else next  
time.

OUGH

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page [www.bookbotkids.com/free-books](http://www.bookbotkids.com/free-books) from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at [www.bookbotkids.com](http://www.bookbotkids.com).
