

# IN MY LIFE

Illustrated by Proiti Roy

I have so many people in my life that I care about. This is one of my pals, Jen. We make up fun games to play on the weekends.

I love to ride bikes in the park with my granddad. Sometimes we each take our own bikes. Sometimes we just ride on one.

My nan loves to read me stories. She does not mind if I want to read the same ones again and again. The pets like to sit and listen as well.

I also have a lot of things in my life that I love. I am so lucky to have cool toys. Some kids do not get to have many toys.

I also need to be thankful for my mind. It is easy to forget how lucky we are to be in good health. My mind helps me make sense of the world and think up new things.

These are not my pets, but it makes me happy when I see animals. I am glad that there are animals in the world.

I am so glad that I have a mum and dad to help me get through everything in my day. I do not always think to say thank you to them.

I also love to spend time in the yard with my uncle. He shows me how to grow plants. I am lucky to have a backyard where I can play.

My brother can be a little bit annoying at times, but I still love him. He shares his toys with me and shows me when he finds cool bugs that I will like.

Last but not least, I am thankful for my sister. She teaches me how to read and make papercraft. I have a lot that I love in my life.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page [www.bookbotkids.com/free-books](http://www.bookbotkids.com/free-books) from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at [www.bookbotkids.com](http://www.bookbotkids.com).
