

# I AM A BOT

ORIGINAL BOOKBOT BOOK

I am a robot.

I was built by a very  
clever scientist.

My job is to help him  
build more clever  
machines.

I built myself a pet  
dog. His name is  
'Sparky'.

Sparky can grow in size!

It is quite handy when I need him to lift heavy object or reach a high shelf.

The scientist has another bot, but she is a bit old and leaks fluid everywhere.

Her name is Cog. She still works most of the time.

'I want a pet too,'  
says Cog.

She brought home a  
grey cat.

'This will be my pet,'  
says Cog.

The cat seems to like Cog too. She is sweet and quiet and even keeps the mice out of the lab.

'I will call her Whiskers,' says Cog.

The pets are very different, but we both love them very much.

Sparky and Whiskers both have their jobs, but they are lots of fun to play with as well.

Whiskers is nice. But  
I like Sparky the best  
because he is a bot.  
Just like me!

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **[www.bookbotkids.com/free-books](http://www.bookbotkids.com/free-books)** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **[www.bookbotkids.com](http://www.bookbotkids.com)**.
