

Illustrated by Sou Kimsan

# The Lost Bee

Bella the bee looks for nectar  
with her bee pals.

'We need more to make  
honey,' she says.

Her bee pals find a patch of  
flowers, and they land on it.

The sun starts to set.

Bella gets some nectar  
and looks for more.

But she goes far from  
her pals.

Bella gets a bit lost.

But she sees a big flower  
and wants its nectar.

'I will be the best bee in the  
hive if I get it!' she says.

But the flower is a trap.

It has gas that makes Bella sleep.

But a bug sees her just in time.

The flower starts to close!

'Come on, we need to go!'  
says the bug.

Bella and the bug fly as fast  
as they can!

Bella and the bug make it  
out!

They rest on the grass.

But things there want to  
eat them!

The bees come to save them!

'We need to get back to the hive,' they say.

'But we are lost!'

The bug gets his clan to help  
them find the hive.

The bees make it back safe  
with the nectar.

'Thanks for all your help!'  
Bella says to the bug clan.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page [www.bookbotkids.com/free-books](http://www.bookbotkids.com/free-books) from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at [www.bookbotkids.com](http://www.bookbotkids.com).
