

BOP

illustrated by
Dewi Tri Kusumah

Bop is a bull.

He wants to learn to
dance like his pals.

'Come and see
what we do
and you can
do it too,' says
a big bull.

So Bop looks
at the way the
big bull moves.

He tries to hop and
sway like the big
bulls.

His leg will not
kick like the big
bull. And he can
not shift like the
big bull.

'Do not give up,'
says his pal.

You will get it.

But in the line, Bop
takes a bad step.

He trips all the bulls.

His pal is still kind.

'You will learn.

None of us got it
on the first go,' he
says.

Then Bop hears
the tune.

When he
hears the
beat, he can
move this
way and that
with ease.

On the day of
the dance,
Bop moves like
all the big
bulls.

He can kick and
sway, and all the
bulls cheer.

AI AY

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page www.bookbotkids.com/free-books from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at www.bookbotkids.com.
