

Name: _____

Date: _____

Life in the Past

A long time ago, people didn't have cars or computers.

They traveled by walking or riding horses. Children played with simple toys like dolls

made from cloth or wooden blocks.

Families grew their own food in gardens.

Life in the past was very different from life today.

What did people use to travel long ago?

What toys did children play with in the past?

How did families get their food long ago?
