Date: _____

Natural, Human and Capital Resources

Natural, human, and capital resources are things we use to make goods and provide services. Natural resources come from nature, like water, trees, and sunlight. Human resources are the people who work, such as teachers, bakers, and builders. Capital resources are the tools, machines, and buildings used to make things, like trucks, computers, and factories.

What is an example of a natural resource from the passage? _____

Who are some examples of human resources mentioned in the text? _____

What are capital resources, and how do they help us? _____
