

Name: _____

Date: _____

Seasons

There are four seasons in a year: spring, summer, autumn, and winter. In spring, flowers bloom and the weather gets warmer. Summer is hot and many people go to the beach or eat ice cream. During autumn, the leaves change color and fall from the trees. Winter is cold, and sometimes it snows. People wear warm clothes and drink hot drinks in winter. Each season has special things about it, and many fun activities to enjoy.

What happens in spring?

Which season is the hottest?

What do people wear in winter?
