Weather is what we see and feel outside each day. Sometimes the sky is sunny and bright, and sometimes it is cloudy or rainy. When it rains, we use umbrellas. When it is sunny, we wear hats and sunglasses. The wind blows the leaves, and in winter, it can be cold and snowy. Weather changes and makes each day different!

What can we use when it rains?

\_\_\_\_\_

What do we wear when it is sunny?

\_\_\_\_\_

How does wind affect the leaves?
